THE CZAR'S FORCES

Four Army Corps Are Now Occupying
Manchuria

NEW CHWANG A CLOSED PORT

Reports From the Seat of War Indicate That the Belligerents Are Straining Every Nerve to Mass Men for the Final Struggle

London, April 11.—No confirmation has reached London of the various rumors, most of which came by way of Paris, of land fighting and landings by the Japanese on the Liao Tung peninsula and the capture of Japanese transports by Russians. Dispatches from various points agree that the Russians have completely evacuated Corea, but beyond this there is little reliable news.

A Chefoo dispatch which reached London by way of Rome, asserts that the Japanese squadron with twenty steamers, was seen making for Port Arthur.

New Chwang Port Closed

Chefoo, April 11, 6 p.m.—A Chinese steamer has just returned from New Chwang. The port pilots would not respond to her signals for them to take the vessel up the river.

Two British steamers found themselves in the same predicament. New Chwang is practically closed to commerce.

Pouring in the Troops

Paris, April 11.—Official advice received today by the French government confirm the press dispatches announcing that the Japanese first army, consisting of the five army corps, is now complete and is in Corea and that the second army, consisting of a similar number of corps, is starting.

The points of debarkation of the second army are not known.

Disposition of Russian Troops

Paris, April 12.—The Echo De Paris this morning publishes the following dispatch from St. Petersburg:

"The first, second, third and fourth army corps have taken up positions in Manchuria, and the fifth corps is in Western Siberia, advancing towards a designated position."

"These, with the tenth and seventeenth army corps, the Cossacks are in the Far East and the Caucasian cavalry now being mobilized, will bring the number of men in the army up to 280,000 by the end of May."

"General Kropotkin intends to have the Caucasian mountaineers operate in Corea, in which they will enter, when it is considered the decisive moment has arrived, to drive out the Japanese, which will not be before August."

"I learn that fifteen batteries of eight guns are now between Liao Chuan and Harbin. The engineers are doubling the line between Duitak and Duliu."

WAR NOTES

A large order for mountain batteries has been given to Russian firms.

The French ambassador, T. Rombard, who is now in Paris on the pretext of spending the Easter holidays with his son, has already gone to consult M. Debass, the French foreign minister, concerning the significance of the British entente with reference to a Russian alliance.

NEW MATTRESS FACTORY AN INTERESTING LECTURE

(Contributed.)

On Wednesday, March 30th, the Poplar Lake Literary Society was favorably impressed by an address by Rev. A. M. McDonald, of Edmonton, on the subject, "Lucky, a Fool; Pluck, a Hero." Considering the roads there were a good attendance and all present enjoyed the interesting lecture.

The Duke of Sutherland left Fort William for Winnipeg yesterday afternoon by special train.

The Slocan river has carried away the traffic and railway bridges at Odon, N.W.T.

New Chwang is closed to commerce and British steamers were refused entrance to the port.

English newspapers express great dissatisfaction with the terms of the Anglo-French treaty.

The Lord's Day Alliance has notified the Port Arthur council that there must be no Sunday car service in the town.

Mr. D. W. Boe has received a telegram stating that the government has contributed \$10,000 to the Western Canada Immigration Association.

G. T. PACIFIC DEBATE

NEARING THE END

Interest Runs Low, and the Debate Will, in all Probability, Close Tomorrow.

(Bulletin Special Dispatch.)

Ottawa, April 12.—In the Grand Trunk Pacific debate reported today, Campbell and Thompson supported from the government side, and Robinson opposed from the opposition side. Little interest is manifested. The debate will probably close Wednesday. The debate has been decidedly slow so far.

GRAND TRUNK PACIFIC

BATTLEFORD CROSSING

Mr. Lancaster Will Ask a Few Questions Upon the Matter in the House.

(Bulletin Special Dispatch.)

Ottawa, April 12.—Mr. Lancaster has given notice of his intention to ask the following questions in parliament:

Has the government received any petition to make the Canadian Northern Railway cross the Saskatchewan at Battleford instead of the crossing selected by the engineers some few miles further north?

What should be the difference in cost between the two crossings, and who are the petitioners?

Has the government considered the propriety of moving a few houses in Battleford up to the crossing selected by the engineers, and that the agitation is chiefly due to speculators in and around Battleford?

Is it the intention of the government to use the police funds for the extra cost of this crossing?

NEWS OF THE WORLD

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, April 12th.

It is stated that a N.W.M.P. post will be established at Hudson's Bay.

Twenty-two young men were captured in a disorderly house in Brandon.

The debate on the G. T. P. was continued in the Commons yesterday.

The river Moira at Tweed, Ontario, has overflowed and caused great damage.

Lord Kitchener urges a higher standard than obtains elsewhere, for the Indian army.

The Duke of Sutherland left Fort William for Winnipeg yesterday afternoon by special train.

The Slocan river has carried away the traffic and railway bridges at Odon, N.W.T.

New Chwang is closed to commerce and British steamers were refused entrance to the port.

English newspapers express great dissatisfaction with the terms of the Anglo-French treaty.

The Lord's Day Alliance has notified the Port Arthur council that there must be no Sunday car service in the town.

Mr. D. W. Boe has received a telegram stating that the government has contributed \$10,000 to the Western Canada Immigration Association.

MACOUN CENSURED

J. K. Cornwall, of Lesser Slave Lake, rancher and fur trader, who is in Ottawa and who has been eight years in the Peace river country, was interviewed by a correspondent, when he spoke very strongly against the recently published report of Jas. M. Macoun, of the geological survey, on the Peace river region. It is the comments and inferences drawn that Mr. Cornwall principally objects to. The only excuse for them, in the opinion of Mr. Cornwall, was that Mr. Macoun wanted to get some notoriety from giving a "black eye" to a region which was now occupying much public attention, and which was highly spoken of by the late Dr. D. R. Wm. Ogilvie, Prof. Macoun's father. Mr. Wm. Ogilvie, Prof. Macoun's son, and 100 coun. The same arguments will others soon as advances against others.

Mr. Ogilvie, of Vegreville, Alberta, district ever before visited the Peace growing country, was a young man when he came to the Peace against Manitoba, was all advanced years ago. Every one of those twenty-five years he has been in the Peace country, and now knew that were all wrong. At north than the 200 miles further Macoun chiefly does. District which Mr. report, there was a good crop of wheat, a bushel "black eye" and the farmers got \$1.50 for it. A big roller mill was built there. Besides, continued Mr. Ogilvie, of Vegreville, Alberta, the same arguments will others soon as advances against others.

The altitudes at which wheat will not grow, according to Mr. Macoun, have been disproven in parts of the northwest. The views expressed by Mr. Cornwall are similar to those held by western men who know the country, and some of them have resolved there. The subject will no doubt come up in parliament.

GOVERNMENT BINDER TWINE

The following self-explanatory circular has been issued by the warden of the Kingston Penitentiary:-

Kingston, March 15, 1904.

Sirs.—The factory at Kingston Penitentiary will be able to supply a limited quantity of first-class twine for use this season.

The brands for sale are "Pure Manila" running 600 feet to the pound; "Mixed Manila" running 550 feet to the pound, and "Pure New Zealand," running 450 feet to the pound.

To make some of the advantages offered by the government factory, please send in your orders at once, stating quantity and grade. Your order will be booked and invoices sent to you. When you desire the twine to be forwarded, send the money by registered letter, express order, post office order or bank draft, together with shipping directions, and the twine will be shipped forthwith. If you remit by bank check please see that it is marked "good" and made payable at par at Kingston.

Where it is at all convenient it is advisable that farmers join and send club orders for ton lots or car load lots, through one of themselves, through the head of a farmers' society or union, or through any agent they may choose, provided they accompany the club order with a certified list of farmers who comprise the club, and show the quantity and grade of twine required by each. In this way they will secure the advantage of lower freight and save expense in registration, postage, commission, etc., in addition to the reduction in price of \$5.00 per ton. "Club order" blanks will be forwarded upon request.

The quantity of twine manufactured at the government factory is but a small fraction of the amount annually consumed by the farmers of Canada and the entire season's output will, doubtless, be ordered during the next few weeks. If you intend to

order do so at once. Should the following authorized schedule of prices be reduced before your twine is shipped, you shall have the benefit of any such reduction.

The schedule of prices, to farmers only, is:-

"Pure Manila," 600 feet to pound, 10/-.

"Mixed Manila," 550 feet to pound, 9/-.

"Pure New Zealand," 450 feet to pound, 8/-.

One-quarter cent per pound off on ton lots or over.

Terms—Cash with order. All f. o. b., Kingston.

Address all communications and remittances to the Warden of the Penitentiary, Kingston, Ontario.

J. M. PLATT,
Warden.

THE RATE FIXED

FOR LOCAL IMP. DIS. 2784

The Council for the Newly Formed District Pass Several Resolutions of Interest.

A meeting of the council of the new local improvement district, No. 2784, comprising Townships 63 and 54, ranges 23, 24 and 25, lying north of the Saskatchewan and south of the Sturgeon river.

Present, Councillors Turnbull, Al-
lan, F. C. Clare, Jno. Harrold, Jr.,
and E. Hogan.

Turnbull Allan was elected chair-
man. The tender of F. C. Clare was
accepted for the position of Secretary
Treasurer. The following resolu-
tions were adopted:-

That each councillor be appointed
a standing committee to have control
of his respective division, with
power to appoint an overseer or over-
seers to superintend the work of the
division representing the amount
which the council may agree upon.

That these overseers receive two
dollars per day while engaged in super-
intending this work.

That every resident ratepayer be
permitted to work to at least the ex-
tent of this assessment if he gives no-
tice to this effect to the Secretary
within ten days of the receipt of his
assessment notice.

That the overseer's return of bona
fide work certified to the councillor
of his division, be sufficient evidence
for the secretary to credit such rate-
payers the amount equivalent to the
amount of work to their credit.

That rate of wages paid in work
to be equivalent to 15¢ per hour, or
double for man and team.

That all monies owing by any of
the late local improvement districts
which came into this new district be
paid and any balance be expended in
their several divisions.

That the rate of assessment for the
current year be 2 1/2¢ per acre.

That a rebate be allowed of ten per
cent, on all taxes amounting to \$1
and upwards, if paid within 30 days
after the receipt of assessment notice,
and on taxes worked by resident
ratepayers.

SPRING

Judging from the Pros and the
items regarding the weather appearing
in Western papers, Edmonton this
year can boast the finest spring wea-
ther between the Great Lakes and
the Mountains. For a week the
days have succeeded each other with
unclouded skies and gradually rising
temperature, each warmer than the
preceding one.

The snow has practically disappear-
ed about town, though patches of fast
disappearing ice linger in shady
nooks, reminders of the formidable
snow banks of a few weeks since. The
water has drained rapidly from the
streets and on all the leading thor-
oughfares the dust has been flying
for several days. The devotees of
the silent steeds are hauling them
from cellars, garrets and woodsheds,
greasing up their stiffened joints,
and enjoying the first spring ride in
daily increasing numbers.

In the country the soft snow and
abundance of water has made the tra-
veling bad, though each warm day
improves it. A passenger on Saturday's
stage from Fort Saskatchewan
summarised the road conditions by
saying that for about one-third of the
road the sleighing was fairly good,
for another third it was fairly good
wheeling, for the remaining third it
was neither.

The ice started running out of the river this morning.

Saturday's Free Press contained an illustrated write-up of Strathecona.

A general meeting of the Board of Trade will be held in the town hall on Thursday at 11 a.m.

The Lord's Day Alliance have issued a circular, calling attention to Lord's Day, April 10th to 17th.

A bowling match will be held on Thursday evening, Victoria hotel vs. All comers, five men a side, three games each.

The program of the stake races to be held at Regina's annual fair on August 17th, 18th and 19th, has been issued.

Cushing Bros. are erecting a large two storey frame addition to their saw and door factory on Namayo Avenue.

McLean, Mullett & Co., are erecting a two story office building on First street, next Calhoun & Ferguson's barn.

The Operatic Society have decided to give a lunch and an impromptu dance in Robertson hall on Friday evening.

With the opening of the river, the season's cut, amounting to over \$300,000 logs will be floated down from the woods. There are also about two million feet of lumber to be rafted down.

The Polo club will reorganize as soon as the ground is dry enough to practice. It is expected the membership this year will reach the neighborhood of fifty. Most of the members have secured two ponies each and a good season's sport is expected.

The Sisters of the General Hospital beg to acknowledge with thanks the following donations through the kindness of License Inspector Cooper, ten bottles beer, one quart Scotch whiskey, one quart sherry, eight glasses.

J. C. M. Johns, of the firm of Johns & Thompson, Lloydminster, who is in town, has great faith in the future of the Barr colony. Rev. Mr. Lloyd is showing splendid administrative ability and is a man of remarkable influence. He will be in Edmonton in a short time.

The annual meeting of the Gun Club will be held in the Windsor hotel on Friday at 8 o'clock. The membership of the club last year was about 49 and it is expected 25 new members will be added during the present season. The club are considering the question of building a club house. A full attendance of members at the annual meeting is urgently requested.

The snowy weather of Edmonton apparently extends eastward along the valley of the North Saskatchewan for a long distance. A correspondent writing from Paradise Crossing, nearly a hundred miles down the river on Thursday, said: "The lumbering season is drawing to a close. Very large quantities of lumber have been taken out, from which we infer that there will be much building during the coming summer in the surrounding country. The weather is fine, snow going fast, and roads getting very bad. The river ice shows no signs of breaking up yet."

Revelstoke Herald: Early on Sunday morning a regrettable accident occurred on the C. P. R. about 4 1/2 miles west of Griffin Lake, when a west bound freight train engine 919 with Engineer Tomlinson and Conductor Penzer in charge, ran into a rock and mud slide, resulting in the death of Engineers Davidson, of this city, and the serious injury of Fireman Bodwell, who lost one leg so badly crushed that it was found necessary to amputate the limb above the knee, while the other was broken in two places. Engineer Tomlinson escaped injury, being on the upper side of the engine as it turned over.

Negotiations are under way to have the rifle clubs of Edmonton amalgamate in asking the government to purchase land and site convenient to both clubs. In the expansive state of the towns it is known that the cost of the lease of the sites would be both difficult and unnecessarily expensive, while it is very unlikely the Militia Department would look with favor on the request to purchase land so close together. It is considered probable, however, that if a site could be secured contiguous to both towns, the department might reasonably be asked to purchase it as a permanent site for the use of both clubs.

PERSONAL

F. A. Richardson left this morning to spend a couple of weeks at Banff. Supt. Constantine came up from Fort Saskatchewan yesterday.

Miss Tait spent a few days in Edmonton last week.

L. Lessard leaves next week to take charge of the Morinville hotel.

Miss Evelyn Heathcote, who graduated recently from the National Business College here has taken a position in the office of Revillon Freres.

FIREMAN'S FOOTBALL TEAM

The fire brigade will put a team of football players in the field this year and try for the pigskin championship of the district.

The organization meeting was held in the fire hall last night, when the following officers were elected:

President, Chief T. Launder.

Vice-president, Capt. W. A. Griesbach.

Secretary Treasurer, Fireman W. J. Holloway.

Executive committee: President, Vice-president, Secretary Treasurer, and Messrs. G. Lessard and J. A. Wilson.

There are over forty members of the brigade and the boys are confident that they can pick a team which will uphold the honor of the brigade satisfactorily.

HORSE HILLS

(Bulletin Correspondence).

Capricious soil has certainly been giving Old Boreas a hard chase during the past few days. We trust his exile will last until next winter.

Mr. and Mrs. Wm. Plumley are rejoicing over a recent arrival.

We regret to record the fact that Mr. Alex. McLay has been very ill for some time.

Mr. and Mrs. Bert Cronin, of the Halfway House, left home on Tuesday for St. Louis, Mo. While there they will attend the World's Exposition.

We are pleased to learn that Mrs. H. Spalding, of Coronation, who has been in the public Hospital for some time, is slowly recovering from her recent illness.

Our new school teacher, Mr. A. E. Hutton, is giving such general satisfaction that notwithstanding the slushy condition of the roads, the daily attendance is very promising.

Dissatisfaction was very high in this locality over the manner in which the recent municipal election for councillor of the new local improvement district was conducted. No notification of any sort had been given to this district as to the time or place that the polling was to be held.

A SUCCESSFUL CONCERT

A very successful concert and progressive Pedro party was given by the St. Jean Baptiste Society in Robertson hall last evening and was attended by about two hundred people.

P. E. Lessard presided and the Union Band under the leadership of H. Morel, enlivened the evening with many selections. An excellent lunch was served by Mr. J. Boland.

There were about twenty-five tables in the Pedro contest, the winner of the ladies' prize being Mrs. C. Gallagher, and of the gentlemen's prize Mr. C. Garney.

The body of the Pedro party

prizes fell to the lot of Mrs. J. Chenier and Mr. C. Lemire.
